

**Rajasthan Aryan Arts, Shri M. K. Commerce and Shri S. R. Rathi
Science College, Washim.**

**Best Practice III: Title of the Practice: Students Feedback on
Participation**

Goal

To achieve personality development of the students they are encouraged to organize events and participate actively in it. For example, the birth anniversaries of the scientists who have contributed their knowledge in Physics are organized by the students under the guidance of faculties of the department.

The Context:

While teaching any topic in the classroom the teachers give references of such eminent scientists. Some of the students who are more curious can find the detail information about them. Such information may be discussed on a large platform so that the other students will also get their knowledge enriched. Therefore the students are told to organize such programme, collect biography of that particular personality. The students conduct the programmes and address the gathering of same subject.

The Practice:

The birth anniversary of Sir Issaic Newton was celebrated in the Department of Physics. Student of UG classes participated in this event. They collected biographical information about the scientist and delivered their lectures. Almost 250 students get benefitted with this event. The students gifted a photograph of Sir Newton to department as a memento. The Principal of the college Dr. M. M. Sancheti, Chaired the programme, Dr. S. P. Bhagat given an introductory speech to the student who enlightened over the objective of such programme. The other faculties Mr. N. T. Paikrao, Mr. R. R. Risodkar, Mr. S. G. Gore took an effort to make the programme more graceful. The President of the Physics Association, Mr. Avale who is the student of B. Sc. Final Year conducted the programme. Many students delivered speeches regarding Sir Newton and his contribution to the society.

Evidence of Success:

Students prepared posters and displayed on the walls of the department. The dignitaries observing the same and appreciated the efforts made by the students.

The students participated to present their knowledge in front of their classmates. The speeches delivered are appreciated by everyone who attended the programme.

Problems Encountered and Resources Required

Financial and human resources availability is the major problem. The students need to be develop extension of their social responsibility. Only the education inside the classroom is not sufficient to bring about the overall development. They need to be encouraged to play dynamic role in extracurricular events. The other departments get encouraged to organize such event in their department and they imitated the activity that has been reflected throughout the institution.

Contact Details

Name of the Principal: Dr. M. M. Sancheti.

Name of the Institution: R. A. Arts, Shri M. K. Commerce and Shri S. R. Rathi Science Mahavidyalaya, Washim. Accredited Status: A" Grade.
